

## *Hurdle*

Tomako introduces the **Hurdle** Range, a table system to suit boardroom & meeting tables of **any** width, **any** height and **endless length**!

The **Hurdle** system starts with a twin leg, and can be extended endlessly by adding extra leg supports and rails.

**Hurdle** bases are manufactured to order, and delivered in KD format for ease of transport and site access.

Pictured: Hurdle Twin 1200 @ Bar Height. Frame to outside edge.

Pictured: Hurdle Triple 700 @ Standard Height for a 3000 x 1200 Meeting Table with Offset Frame.

*Flexibility* is the key to the **Hurdle** Range. Bases can be to the outside edge of the table top or offset, depending on preference.

**Hurdle** has also been designed with clearance right down the centre of the table, so you never have to worry about positioning of power boxes.

Available in any Dulux Powdercoat colour.

## *Hurdle Specifications*

	<b>Suits Top Sizes</b>	
	<b>Length</b>	<b>Width</b>
<b>Product Code</b>
